

# Connecting expertise

## » *The right response to your daily business challenges.* «

When Hanns-Robert Mayer founded Kontaktwerk in 2006 he drew on a wealth of experience gained while working for medium-sized companies in the Stuttgart region.

Now you can benefit from the accumulated expertise of over 30 years of activities and contacts, which include the mechanical engineering sector and work for an association representing the interests of small and medium-sized enterprises. Take advantage of the skills of experienced practitioners to enable you find the right response to your daily challenges.

## » *Join our round-table discussions.* «

Kontaktwerk organises meetings for sector specialists and events on current topics of commercial and business interest where you can exchange knowledge and opinions in an informal atmosphere.
